SONITRON® BRIEFS

Happy New Year
Happy New Year

Everyone at Sonitron is back from holidays and rearing to go. We hope that you also had a good holiday. We look forward to the start of a new decade. During 2010 Sonitron® will be doing a lot more of R&D work on chemical products for all divisions. Toward the end of 2009 we have seen the final phases of development and introduction of GUSTO® our new Encapsulation Pre-spray for use on all types of fibres it can be used on carpets and upholstery. We have other exciting products that are in the development stage and we will be releasing these into the market place during the first half of 2010.

GUSTO®

Encapsulating Pre-spray

5lt	\$39.85
20lt	\$146.15
200lt	\$1341.25

Plus GST

GUSTO® is a very effective pre-spray or pre-conditioner for use before hot water soil extraction of carpets & upholstery. It has encapsulating properties so any residue remaining in the carpet is working to improve the results.

GUSTO® can be included With other Sonitron® chemicals for quantity discount
