

chariot® iRenew

Interim Carpet Cleaning

Quick Clean. Quick Dry. Less Work.

Quick Clean

Using Windsor's chemicals with MicroCap™ technology, the battery-powered Chariot iRenew quickly and effortlessly cleans carpet surfaces, removing general traffic soils, spots and stains. The unique brush system features two counter-rotating cylindrical brushes to effectively clean and agitate the carpet surface leaving it looking clean, bright and groomed.

Quick Dry

The Chariot iRenew solution dispensing system leaves the carpet only slightly damp, so that it is dry and ready for traffic in about 20 minutes.

Less work

The innovative Stand-up design of the Chariot platform means increased floor coverage with higher speeds and less operator fatigue. The Chariot's

small footprint and ultra-tight turning radius provide greater maneuverability, especially in small, complex building layouts without disrupting work flow.

The Chariot family of cleaning equipment is the industry's **only**

stand-up platform. They are one-of-a-kind innovations that combine the maneuverability of a walk-behind with the speed of a ride-on. The result is a new "stand-up" platform of machines that is simple, agile and productive, that can reduce cleaning times up to 50 percent over traditional walk-behind machines.

**Why walk when you can
step up to a Chariot?**

INNOVATIVE EQUIPMENT SOLUTIONS

Technical Specifications

Model Number:	CI 24
Cleaning Path:	24 inch (61 cm)
Brushes:	2 x 6" Diameter x 22" Length (2 x 15.2 cm x 55.8 cm)
Brush Motor:	2 x .75 hp (560 watt)
Brush Speed:	800 rpm
Brush Head Lift:	Actuator
Brush Pressure:	Floating
Drive Motor:	.75 hp (560 watts)
Transport Speed:	3.5 mph (5.6 km/h)
Tires:	10 inch (25.4 cm) solid gray non-marking
Solution Control:	Metered flow, with pump
Capacity:	
Solution	16 gal (60.5 ltr)
Chemicals	2 x 1 gal bottles (2 x 3.8 ltr)
Number of Spray Jets:	2
Spray Pump Pressure:	100 psi
Operating System:	One switch lowers the brushes and turns them on automatically. One switch turns on the solution.
Electrical System:	36 volt, 3x12 volt, 195 or 215 A/H batteries, chargers available and battery exchange system.
Weight (w/o batteries):	550 lbs (249 kg)
Dimensions (LxWxH) (machine body)	51.5" x 26.5" x 50.75" (131cm x 67.3cm x 129cm)
Coverage:	15,000 ft ² /hr

Specifications are subject to change without notice.

Other cleaning products leave a sticky residue that promotes resoiling. Windsor's exclusive **MicroCap™ technology** contained in the Red Carpet™ Rombus Carpet cleaner encapsulates the soil in microcrystals that are non-sticky and won't attract more soil. The MicroCap residue is easily vacuumed right after cleaning or at the next scheduled vacuuming.

Windsor Industries manufactures a full line of innovative floor maintenance equipment including:

- Carpet Extraction Systems
- Vacuum Products
- Floor Scrubbers and Sweepers
- Floor Machines and Burnishers
