

AUGUST BRIEFS

WITH A CHILL IN THE AIR AND OUR BONES WE ARE MIDWINTER 2008. HERE AT SONITRON THINGS ARE HEATING UP WITH SOME GREAT THINGS HAPPENING. WE HAVE REORGANISED OUR SHOWROOM, HAVE SOME GREAT NEW PRODUCTS AND ARE NOW OFFERING LOGO MATTING! THIS MONTH OUR FOCUS PRODUCTS ARE S110 STAIN REMOVER, LEATHER CLEANER AND LOGO MATTING.

S110 STAIN REMOVER

S110 is a very useful companion to G.R.O.G. as a solvent based stain remover. S110 evaporates rapidly leaving no residue. When it is not convenient to have an extraction machine available, you simply absorb the stain and the S110 residue evaporates.

S110 is not normally used with extraction since solvent and water do not mix! However, S110 can be used together with a powerful extractor for chewing gum removal. The S110 softens the gum and the extractor rips it out! This can increase speed since you do not have to worry about complete extraction of solvent - it will evaporate.

S110 is an excellent spotter for clothing, upholstery and curtains. Especially where there is concern about leaving solvent residue in the fibres.

S110 is mainly useful for grease, oil, tar, asphalt, chewing gum, candle wax, and Blue-tac. It may also be effective for some solvent extendable paints and lacquers, especially for fresh spills, shoe polish, many adhesives, some inks, crayons, cosmetics and many oily or greasy food stains. For more information please call us on 07 3266 9966 or visit the web site – www.sonitron.com.au.

LEATHER CLEANER

CLEANS - CONDITIONS - PROTECTS

PRODUCT DESCRIPTION

Sonitron® LEATHER CLEANER is a thick, off white emulsion, which can be spread easily over the surface of the leather giving good control and economy in the cleaning operation. It has a 3-way action:

CLEANS: *A fast and effective cleaner.*

CONDITIONS: *Keeps the protective top coat supple to reduce the risk of cracking.*

PROTECTS: *Leaves a protective film to reduce future soiling.*

Sonitron® LEATHER CLEANER has been designed as a multi purpose product, which is simple, rapid and economical to use. It is equally suitable for the busy professional who has to clean a carpet and a leather lounge and get to the next job on time, or the "in house" maintenance officer in a busy hotel or motel. For more information contact us on 07 3266 9966 or visit us on the web at www.sonitron.com.au .

LOGO MATTING

Custom mats are our speciality!

Custom matting is a versatile way to extend signage & advertising opportunities, it can be strategically placed at your customer's entrance ensuring their customers & clients are exposed to the brand or message at first contact. Point of Sale or Promotional Mats placed in front of product displays enhance the product message & engage the consumer at the very place where it counts at the point of purchase. Give us a call here at Sonitron on: 07 3266 9966 and we'll come by for a free measure and quote. We have samples for your review and an amazing customer website that has all the options laid out for your review.
