SK50

SUPER CARPET PRE-SPRAY and OIL and GREASE EMULSIFIER FOR ALL FLOORS

- **As a carpet pre-spray the original great performance on oily, greasy polypropylene has been retained, and the current formula can be used on all fibres including wool and 5th generation stain block nylon.**
- **Ideal for use on problem areas such as restaurants or motor vehicle showrooms on oily, greasy kitchen floors or oily greasy carpets.**
- **SK50 is a mild alkaline cleanser which gives great results with the new rotary tile cleaning accessory.**
- **Low foam, non corrosive and compatible with all types of carpet extraction equipment including truck-mounts, portables and upholstery machines.**
- **Odourless and non toxic. Does not contain solvents, non aggressive to skin and clothing. Biodegradable — environmentally responsible formulation. High concentrate - economical to use**
- **Meets with the requirements of the relevant Australian and New Zealand Standards AS/NZ 3733-1995 and AS/NZS 4849.1-2003.**
- **Has Woolsafe Certification for use on wool and wool rich carpets.**

ZENITH

ENCAPSULATING CARPET AND UPHOLSTERY SHAMPOO

- 1 Soil and detergent residues are encapsulated for easy removal by dry vacuuming.
- 2 ZENITH has high level cleaning power and the low pH allows use on all common fibre types including wool and 5th generation stain block nylon.
- 3 ZENITH can be used with a wide range of machinery, including all single brush shampoo machines, the Cimex Cyclone triple brush machine, and a number of machines with reel or cylinder type brushes such as the Von Schrader, and the Windsor iRenew range.
- 4 Ideal when a faster dry than extraction is required.
- 5 Can eliminate wicking on difficult carpets, such as polypropylene with a bad history of staining.
- 6 Easy removal of detergent residues eliminates foaming problems if the carpet is subsequently cleaned by hot water soil extraction.
- 7 Economical to use – can be diluted up to 1 of Zenith in 40 of water, depending on type of machinery used.
- 8 Meets with the requirements of the relevant Australian and New Zealand Standards AS/NZ AS3733-1995 and AS/NZS 4849.1-2003
- 9 Has Woollsafe Certification for use on wool and wool rich carpets.
